## Femme allure

IT'S all about the ladies at Per Lei, a new eatery on East 71st Street. Restaurateur **Enrico Proietti**, who owns Baraonda and Bella Blu, is hiring handsome Italian waiters like the ones who used to flirt shamelessly with the women who patronized his Ciao Bella back in the day. The décor also pays homage to feminine allure. Under a \$40,000 Swarovski chandelier, the walls will feature 20 portraits of women by Italian artist **Fabrizio Musa**.
